## DID YOU KNOW?

### Mountain Hemlock

Sierra Nevada Elevation Range: 8200' - 10010'

**Needles:** Short and flat, 1/4"-1" long. They stick out in all directions from the branch. They are a blue-green color and have white lines on the top and bottom.

**Cones:** 1"-3" long with thin, flexible scales. Looks vaguely like a small western white pine cone.

**Fun Fact:** These are found all over the mountain, and exist in big stands under Chair 6.

- What is the Board of Directors doing now?
- At the March Board Meeting, the Board reviewed the results of the KVFD survey.
- We thank those of you that participated as this will help guide the Board with their next steps.
- 
- Note: beginning May 2024, the Board of Directors meeting will be held on the 1st Friday of each month.
